UCSB International Programs

Undergraduate Pathway Program

This step-by-step pathway program is designed to prepare high school graduates to seek admission to a US research university. As a defined pathway, it provides students with the preparation for succeeding in top U.S. universities.

Curriculum

Students begin at UCSB with an intensive 6-week English language training in summer, followed by a full year of college level academic studies. At the end of three quarters at UCSB, students will have accumulated 28 transferable quarter units. Students will then transfer to Santa Barbara City College (SBCC) where they will complete the remaining 63 transferable quarter units (42 semester units) required for admission into a University of California campus via the TAG (Transfer Admission Guaranteed) program. Undergraduate admission into the University of California is guaranteed provided that students successfully complete all the requirements of TAG.

6

weeks of summer Intensive English Language Training at UCSB that prepares you for academic success

3

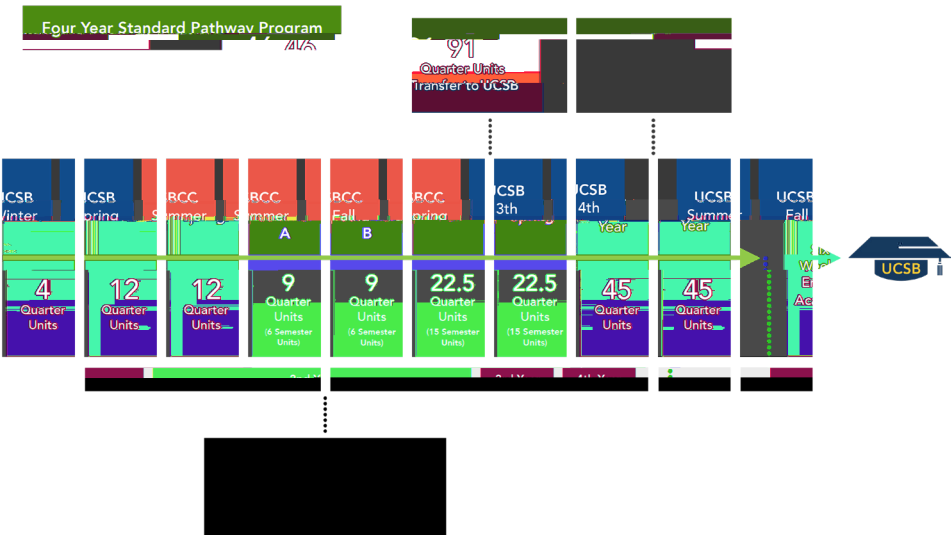

quarters of General Education courses & academic preparation courses

28

transferable quarter units from UCSB that count towards your UC admission application

Guaranteed

university admission after successfully completing the remaining TAG requirements.

UCSB International Programs

Research principles of successful teaching, learning and assessment in higher education. The program will encourage scholars to reflect on the knowledge gained, apply it to their own teaching.
