application for any one of OU exchange programs. Please note that we do not accept second-time exchange participants in principle if they are applying in the same degree level.

Academic Requirements

Exchange students with excellent academic performance are expected to be nominated. Generally, this means having a 3.0 GPA on the 4.0 scale; upper second-class in the UK's undergraduate honors grading system; a B in ECTS grading scale; or 80-85% in Chinese and Korean universities in the current degree program at their home university.

| | | | | |
|--------|--------|--------|-----|--------------------|
| | | GPA4.0 | 3.0 | Upper second-class |
| ECTS B | 80-85% | | | |

Language Requirements

Students must meet the Japanese or English proficiency requirements of the exchange program to which they apply. All students, including those in the iExPO program in which Japanese is the main language of instruction, must be able to read and understand simple English to apply for these programs.

iExPO

Citizenship

Students must be a citizen, legal resident, or visa holder in the country/region of their home university. Students with Japanese citizenship may be considered if they were mainly educated outside of Japan.

Health

Exchange students must meet the minimum requirements of physical, mental, and social health to study abroad.

Notice

- ✓ If you have Japanese nationality, please make sure to enter Japan with your Japanese passport. If you renounced Japanese nationality, please make sure to double-check that you have officially renounced Japanese nationality. Please confirm official documents such as certificate of renunciation.

- ✓ OUSSEP is a general study/liberal arts program tailored for bachelor's degree students and therefore, Master's degree or postgraduate level courses are not offered. Only if home institution approves undergraduate level courses as appropriate to take, we will consider postgraduate students' application to OUSSEP. Please note that graduate students cannot participate in field trips of the OUSSEP program, and will be awarded "OUSSEP participation" instead of "OUSSEP completion".

- ✓ Check if our academic calendar and formal grade release do not conflict with your graduation/grade report schedule.
- ✓ If you are graduating from home university within 1-2 months after proposed exchange period, please consult your university to see whether it is feasible for you to fully participate in an exchange program AND to complete your degree (graduation) procedures at home university in time.
- ✓ The OU grade release is after mid-September for spring / summer term, and late March for fall / winter term. Please be reminded that the grade release timing is NOT negotiable as it tends to involve many different academic schools and departments. If exchange credits and grades must be transferred to home university immediately after exchange period, OU may not be a right exchange destination for you.

- ✓ Double-check that you are eligible and guaranteed to re-enter the country of home university after the exchange program with a valid visa.

Osaka University currently receives exchange applications for university-wide programs twice a year, for April intake and late-September intake.

4. Program (iExPO, OUSSEP, FrontierLab, Maple)

iExPO students will be placed in a school/faculty/graduate school/research institute at Osaka University to take courses in a specific major or do graduate research under the guidance of a faculty member. Since the majority of degree courses are taught in Japanese, participants need to have a high level of general Japanese language proficiency. **If there are many applicants for the program, document screening may be conducted.**

iExPO

iExPO

For graduate students who wish to do full-time research work, you need to find your preferred academic supervisor from the website of “OU academic schools and fields of study” below and list the his/her name on the application form. When you couldn’t find a supervisor, we may reject your applications.

Students who wish to do full-time research work in science and technology fields are recommended to apply for FrontierLab.

FrontierLab

FrontierLab is a unique, long-term exchange program that functions as an academic internship in science and technology. Participants will become student members of a research group in one of Osaka University's internationally renowned science and technology fields and do full-time research work under the academic supervision of a faculty member. _____

Please note the following as this program is becoming popular.

- Students may not be assigned to one of their prioritized laboratories due to the capacity/popularity etc.

-If you do not get pre-approval from your preferred supervisor before your application, please list your preferred laboratory from 1st choice to 3rd choice in the application form.

- We may ask applicants to reconsider their research topic in case we couldn't find an appropriate laboratory.

- When we couldn't find a supervisor after all, we may reject some applicant's applications.

This program is designed for undergraduate students in their 3rd or 4th year from overseas partner universities across the globe. Participants are offered Japanese language classes and lecture courses taught in English called "International Exchange Subjects" which consist of liberal arts courses offered by various school of Osaka University. No postgraduate courses are offered within this program, however we will consider to accept postgraduate students only if home university approves undergraduate level courses as appropriate to take.

Please note that since OUSSEP is designed for undergraduate students, postgraduate students will be awarded "OUSSEP Participation" instead of "OUSSEP Completion". Furthermore, graduate students cannot participate in field trips, which are required for completion for OUSSEP program.

Find International Exchange Subjects: https://ciee.osaka-u.ac.jp/en/short-term_programs/exchange_programs/syllabus/

Please note the following:

- Independent Study and Internship Course in OUSSEP are optional and required to be approved by program committees. There is no guarantee that students can register these courses according to the result of arrangement.
- In principle, withdrawal from the Independent Study and Internship Course after your exchange program started is unacceptable. Please consider it carefully.

The Maple Program is designed to help, in principle, 3rd year or higher students improve their Japanese language skills as well as enhance their knowledge of Japanese culture and society, moving them further towards their own academic goals. Moreover, it aims to cultivate individuals who deeply understand Japan from various perspectives by giving students the skills to compare and to contrast Japanese language, culture, and society with their own, and then share that knowledge widely. **If there are many applicants for this program, document screening will be conducted.**

Funding

You are responsible for all costs to study and live in Osaka while your OU tuition is waived in the framework of agreement. The costs include accommodation, utilities, commuting expenses, food, insurances and medical fees, books, stationaries and all other personal expenses. To cover daily living expenses and be prepared for unforeseen costs, exchange students should secure at least 80,000 yen for a month stay.

Scholarships

Osaka University offers a certain number of scholarship positions (JASSO / OU) to our incoming exchange students. The number of awards greatly varies by year and admission cycle depending on the available fund. There are no scholarships for which exchange students can apply after they arrive in Japan. As the number of scholarship award is decreasing every year and only for limited number of students, you should make an appropriate financial plan without scholarship. For April intake, the scholarship notification tends to be as late as early to late-February.
