

workshop

Held by the School of Architecture, Southeast University and Escuela Técnica Superior de Arquitectura de Madrid (ETSAM), cooperated with professor Jesús Urquiza and Javier

Mosquera, this design work-

shop focuses on perceptions of image, space, form and materials as well as their interre-

lations rather than professional techniques. By making col-

lage and models, this work-

shop aims to improve stu-

dents' aesthetic and interest in

design, with gradual understanding of relationships

between the individual, natural environment and con-

structed space.
